## PROFILE

I am an ambitious Full-Stack Developer, passionate about learning and tackling challenging projects with cutting-edge technologies. Confident and curious, I thrive in roles requiring both technical expertise and creative problem-solving. Outside of work, I am family-oriented, a sports enthusiast, and tech-obsessed.

## EXPERIENCE & VOLUNTEER

2023

יחד ניצח - [יחד ניצח](#)

- Developed a bilingual Amharic-Hebrew **app** with Tech-Career to support Ethiopian community members struggling with Hebrew during wartime.

[Article](#)

2022

EIFL - Ethiopian Israeli's Football League

- Developed a comprehensive **mobile app** serving as a central hub for game information, player details, team statistics, and live updates for passionate fans.

## WORK EXPERIENCE

### 2025 - PRESENT

C14 News Channel , Israel

#### Full Stack Developer

- Designed and implemented dynamic web applications supporting digital broadcasting and content management platforms.
- Developed responsive **front-end** with **React** and **Next.js**, and built server-side logic with **PHP & WP**.
- Integrated APIs and live video systems to ensure seamless real-time user experiences.
- Collaborated with **designers, editors, and advertising teams** to deliver scalable, high-performance solutions.

### 2022-2025

Trado Soultions LTD , Israel

#### Full Stack Developer

- Developed a secure, end-to-end **marketplace app** for retailers and merchants.
- Built a **React.js** front-end and **Node.js** back-end, using Redux and third-party **APIs** for seamless checkout, while contributing to **UI/UX** and collaborating with cross-functional teams.
- Developed "**TruckIt**", a **cross-platform shipping app** (in collaboration with Trado & Beit Alfa Quarry) with **React Native**, real-time tracking, and dedicated interfaces for clients, delivery companies, and drivers to streamline logistics.
